INEX 2022

RAVINDRA BHAVAN, GOA, INDIA

15-20 November 2022

INEX
INDIA

India's Biggest International
Innovation and Invention Expo

Co-Organizer, INEX

MESSAGE FROM THE HONORARY PRESIDENT

Greetings to all,

We invite you to participate in the India International Innovation and Invention Expo INEX 2022.

Since 2016, the Indian Innovators Association (IIA) has been organizing international invention and innovation expos, presenting annually over 300 solutions from 30 countries of the world from the most trending domains, such as environmental protection, technology transfer, IPR, Industry 4.0.

This year, INEX focuses on international start-ups, industrial technologies, technology transfer and promotion in the Indian market. To achieve this, IIA joined forces with the Polish company IBS Global, a global organization engaged in the international commercialization of innovation, strengthening industry and trade with an emphasis on products, services based on innovation and new technologies.

The INEX 2022 fair is not only an opportunity to present your scientific solutions and innovations, but above all an opportunity to establish great business contacts and learn about the unique culture and hospitality of India.

I cordially invite you to Goa on November 15-20 to the largest event in India devoted to innovation, which will be held in both traditional and virtual form.

Dr AS Rao
Honorary President
INEX
President
Indian Innovators Association

ABOUT THE EVENT

The seventh edition of India International Innovation & Invention Expo will be organized in Goa, in the city of Margao on November 15-20, 2022, under the patronage of some of the world's largest associations promoting innovation. This year's edition is supported by the Goa state Innovation council of the government of Goa, Industry associations and India's leading research and development institutes.

Having been a Portuguese territory for over 450 years, Goan culture is an amalgamation of both Eastern and Western styles, with the latter having a more dominant role. Western royal attire of kings is as much part of Goa's cultural heritage as are regional dances performed depicting a unique blend of different religions and cultures of this State. Prominent local festivals are Christmas, Easter, Carnival, Diwali, Shigmo, Chavoth, Samvatsar Padvo, Dasara etc. A rich tourist infrastructure has been built throughout the state.

India is a trillion dollar market and the 6th fastest growing economy in the world. The main goal of the INEX is international promotion and transfer of innovation. As part of the knowledge exchange among the innovator community, the top 100 Innovations 2022 will be published during the expo.
